Letter from J.M.Gwynne Esq., I.C.S., Collector of South Kanara Ref.C.No.1306 L.8 dated 4th February 1928.

Board's Ref.No.3.574-27-1 dated 28th May 1927 and D.F. Misc.No.2281 dated 17th August 1927.

The two temporary and additional draftsmen sanctioned in G.O.No.1579 Misc.Revenue dated 13th August 1927 were entertained in the 1st week of September last. By dint of hard labour carried on with a view to bring the work to a normal state they were able to scrutinise 4410 subdivisions besides plotting 462 by the end of December last. The number of subdivisions that remained for scrutiny at the end of the above month was 432 against 3402 just before they were entertained. This shows of what great help was their entertainment in materially reducing the arrears of scrutiny of subdivisions. As many as 1145 subdivisions have been received for scrutiny in the month of January 1928 which will give full work for three men. In a district like this where cultivations are often small islands in beds of assessed waste the large number of subdivisions is, I think, a healthy sign that cultivation is being extended. In addition, in every village lands remain to be subdivided ready for assignment to the ryoted classes.

I recommend therefore the retention of the two temporary additional draftsmen for 1928-29. To meet the cost thereof their pay at Rs.35/- each per mensem, a sum of Rs.840/- has been included in the budget estimate for 1928-29 as directed in Board's Reference No.G.574/27 dated 28th May 1927.

ORDER.

No. 619, dated 21. 3 1928.

In the G.O. read above the Government sanctioned the employment up to 31-3-28 of two temporary draftsmen on Rs.35 each per mensem in the South Kanara district for work connected with the scrutiny of sub-division sketches and their plotting in the F.M.Books. The Collector of South Kanara has now reported that there were 482 subdivision sketches requiring scrutiny at the end of December 1927 and that 1145 subdivision sketches ~~have~~ had been received in January 1928 and ~~which~~ that these will keep three men fully employed He has accordingly recommended the retention of the two temporary draftsmen during 1928-29. The Board of Revenue has supported the Collector's proposal.

12

2. The Government are not satisfied that the retention of the staff for the twelve months is necessary. They consider that it should be possible to dispose of the arrears within three months and they accordingly sanction the ~~employment~~ retention of the two additional temporary draftsmen on Rs.35(Thirtyfive) each per mensem for three months from 1-4-28. If ~~further~~ the retention of the temporary staff ~~is~~ for a further period is desired the proposal should be supported by detailed figures of the number of sketches received and disposed of ~~each~~ and a comparison of them with the figures ~~month in a year with similar~~ ~~and compared with the~~ of the number received & disposed of each month over a period of a year in other districts and the staff employed in dealing with them.

3. The cost of the temporary establishment will be met from the provision made in the budget estimate for 1928-29 under '5 a (ii) L.R.Charges of administration-Taluk establishments-Temporary'.

D.O.No. 860 E(28-1. of 27.328.

My dear Gawne,

I am to send for your reference a copy of your letter No.1306-L-28 dated 4-2-28 to the Board and to ask you how it is that so many sub-divisions are being made at present in the South Kanara district and for what purpose these sub-divisions are usually made. The figures are enormous and Government find considerable difficulty in reconciling the prevailing passion for sub-divisions and the apparent ease with which they are effected with the insistent demand which is being made for a resurvey of the South Kanara district on the ground that the existing survey is so bad that it is impossible to work with it. It would assist Government to understand the position better if with your reply you would send a copy of the report which Government understand you have sent to the Board containing your view

on the question of the necessity for

a resurvey in South Kanara.
